CHIROPRACTIC TABLES & PRODUCTS

INTEGRATING HEALTH AND WELLNESS

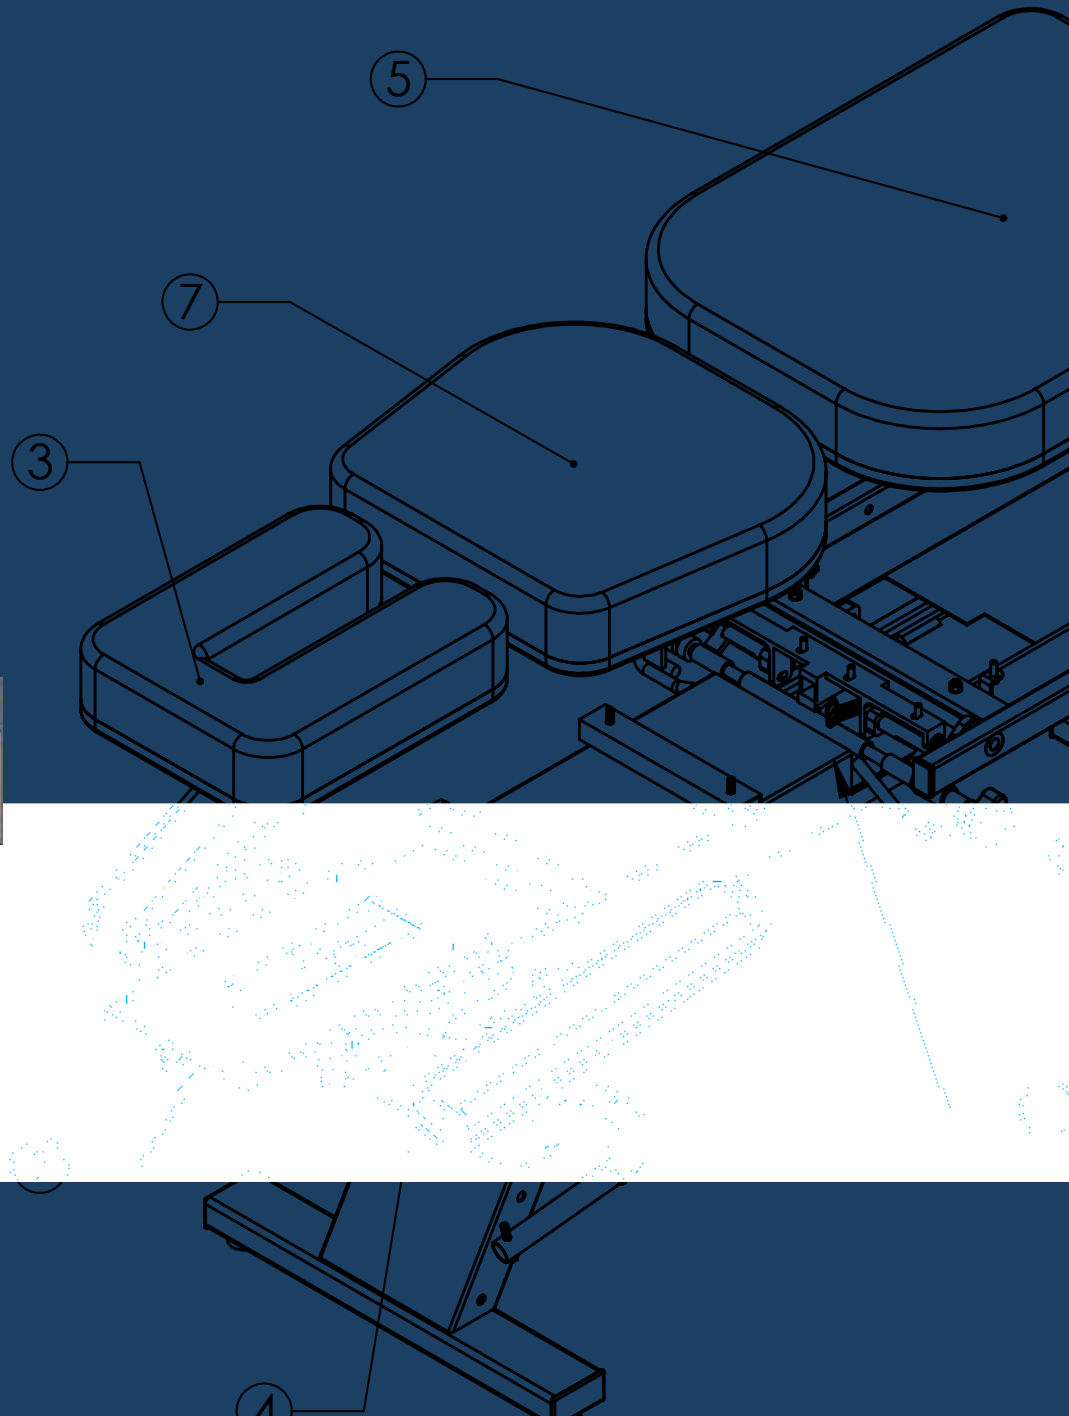

Pivotal Health Solutions was founded in 2007 as a privately held company located in Watertown, South Dakota. At the time, our mission was simple... to design, manufacture and sell the highest quality health and wellness products.

Three years later, while our mission remains the same, the growth and development of our company has expanded our focus. With multiple manufacturing sites supporting products in the chiropractic, physical therapy, massage, spa and medical markets, Pivotal Health Solutions has blossomed into one of the most comprehensive product lines in the market today. Pivotal Health Solutions trusted brands include: Eurotech Tables, ErgoStyle Tables, iTrac Therapy Chair, Custom Craftworks, Touch Essentials, Cloud 9 Medical Gel, SaniCover, VTI Products, Valley Technology, Lyflo Select, Hydrajoint, Relax Right Memory Foam Pillows, and Omni Cervical Pillows.

In 2010, Pivotal Health Solutions launched a global quest to become a leading provider of quality health and wellness products. This initiative will offer global distribution, service and support for our comprehensive product line, which encompasses a wide range of products including manipulating and adjusting tables, decompression tables, flexion tables, stationary tables, therapy tables, massage/spa tables, a wide variety of nutritional supplements and therapeutic memory foam pillows.

ELECTRIC FLEXION TABLE E9100

Eurotech tables are specifically designed for the doctor who wants the ease and convenience of an electric flexion table that does more than simply flex up and down or laterally side to side. Our tables offer superior quality, excellent features, and one of the most affordable price tags in the market today.

FLEXION TABLE ERGOSTYLE™ FX

Table Shown
With Options

COUNTERBALANCED FLEXION

ErgoStyle™ FX Counterbalanced Flexion addresses the core needs of chiropractors. The ErgoStyle™ FX table is a sophisticated table that offers full, ultra smooth counterbalanced flexion at its lowest height (19") and quietly elevates to its full height of 32". The new design offers infinitely variable electric spring tension distributed in such a way to allow for fingertip effort in moving the caudal section in any direction.

UPGRADE TO AUTO-COCKING

ES5822 (115v) ES5823 (230v)

The patented Accelerator™ III Auto-Cocking Drops feature infinitely adjustable Speed Control for drop cocking. Includes Thoracic, Lumbar and Pelvic sections. All sections include manual cocking handles.* (Patent# 7,381,214 B1)

**Please note: When upgrading to Auto-Cocking, all three drops (thoracic, lumbar and pelvic) must be purchased together. Auto-Cocking on a single drop is not available.*

CUSTOM TABLE OPTIONS TO FIT YOUR NEEDS

- ES58491 **Upgrade to AutoFlexion** - In the automatic mode, complete control of manual flexion and reproduction is maintained.
 - All critical information is displayed on the digital interface control:
 - »Range - displays actual degrees of flexion and extension in real time
 - »Speed - variable from 0.5°/second to 6.5°/second.
 - »Timer - 1-59 minutes
 - »Display - Flexion degrees, extension degrees, time, speed and angle.
 - Auto Set feature that logs minimum and maximum angles set manually and reproduces in Auto Flexion mode. Speed, time and angles are adjustable during treatment.
- Patented Accelerator™ III Manual Cocking Drops provide faster acceleration with increased tension. Available for Lumbar (ES58354), Pelvic (ES58355) and Thoracic (ES58353) sections and can be added at purchase or as a future upgrade. (Patent #6,679,905)

- **FX Headpiece Options**
 - ES58472 Tilt & Elevation, Forward & Toggle Drop w/Adjustable Face Cushions
 - ES58473 Tilt & Elevation w/ Adjustable Face Cushions
 - ES58475 Tilt, Stationary Forward Drop w/Adjustable Face Cushions
 - ES58476 Tilt, w/Adjustable Face Cushions

- **Chest Piece Options**
 - ES58359 Breakaway Chest w/Single Side Control
 - ES58362 Breakaway Chest w/Dual Side Control
- **Drop Options**
 - ES58353 Thoracic Manual Drop
 - ES58354 Lumbar Manual Drop
 - ES58355 Pelvic Manual Drop
- **Auto-cocking Foot Control Option**

PORTABLE CHIROPRACTIC TABLE CHIRON & CHIRON PRO

CHIRON (CHIS)

We created the Chiron to address the needs of the mobile chiropractor. The Chiron is light to carry, effortless to open (no loose parts) and simple to manipulate. The Chiron is tough enough to withstand the requirements of the most demanding use. Available in your choice of contoured or straight top. Add our comfortable hand rests for your patient's comfort. Includes five position face rest and user-friendly paper roll holder.

CHIRON PRO (CHID)

You asked for it, we delivered! Presenting our most versatile adjustment table. We took the dependable Chiron Table one step further by adding smoothly operating lumbar and thoracic drops and standard hand rests. By truly addressing the need for a portable table that is uncomplicated and durable, yet advanced enough to accommodate a variety of adjustment techniques, the Chiron Pro has quickly become the table of choice for today's chiropractor on the go.

Lateral Flexion

Axial Rotation

P-A Flexion

Adjustable Headpiece

DECOMPRESSION OF CHOICE

Take your Chiropractic practice to the next level with Eurotech's DOC Decompression Table. The unique design of the new DOC table utilizes a state-of-the-art digital command center for specific vertebral targeting, separate lumbar and cervical decompression programming and continuous readout and graphing of treatment protocols. In addition, the digital command center also controls table elevation and rear flexion, all at the push of a button.

Spinal decompression is defined as vertebral unloading with spinal positioning.
Spinal decompression may not be an alternative for spinal surgery.

Axial Rotation and Lateral Flexion can be done simply with the press of a button and manipulation of the guide bar at the rear of the pelvic section. The doctor or practitioner can move the flexing section to its proper position such as lateral flexion or axial rotation. This is unlike other units that have a direct and straight pull only. In addition, this system comes with P-A flexion capabilities.

HOW IS SPINAL DECOMPRESSION DIFFERENT THAN TRACTION?

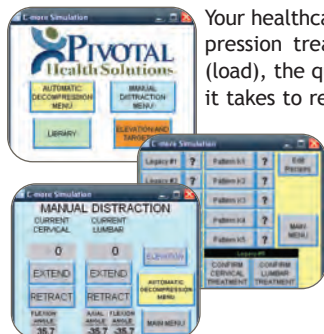

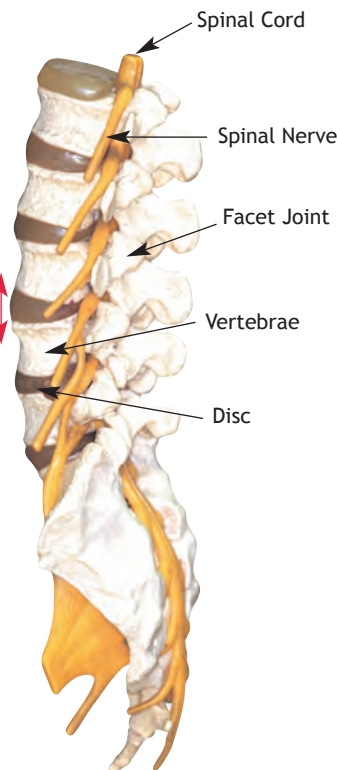

Regular traction stretches your spine and muscles simultaneously. If you only stretch the spine, your body naturally “braces” for the next stretch reducing the ability for the treatment to be effective. This “overall stretching” commonly used in traction can also trigger painful muscle spasms.

Decompression therapy is different than conventional spinal traction^{2,3}, it alternates between stretching and relaxation. The relaxation stages trick your body into staying relaxed and therefore maximizes the load and the effectiveness of the treatment.

Decompression tables should also allow your doctor or therapist to target your treatment area in three different dimensions. This isolates specific spinal discs and allows them to “target” their treatment, while traction often just “stretches” the entire spine.¹

Increased disc height, relieves pressure on nerves and other structures.

Your healthcare provider can completely customize your decompression treatment. They can change the amount of stretch (load), the quantity of stretch/relax stages, the amount of time it takes to reach each peak stretch/relax stage and many other settings.

This allows them to personalize the session for your age, weight and condition and to adjust your treatments as they track your results.

DECOMPRESSION TABLE FEATURES

The DOC list of standard features is impressive:

- Digital (DOC) Command Center which includes:
 - Specific vertebral targeting
 - Separate lumbar and cervical decompression programming
 - Continuous readout and graphing of treatment parameters
 - Interactive color display
- Pre-programmed lumbar and cervical decompression protocols
- Customizable treatment protocols
- Traction belting system - Can enhance restraint for optimal decompression. This helps the body reduce internal disc pressure which aids in the reduction of spinal problems
- Built-in safety features
- User-defined treatment hold and relax times
- Real-time digital treatment tracking
- Table elevation
- Reference library - including patient setup and training materials
- CD player with AM/FM radio and headphones for patient relaxation
- Comfort bolsters
- Cervical capture headpiece

81003

Made with
Memory Foam

PILLOWS ORTHOPEDIC PILLOWS

91002

91002 CONTOUR PILLOW (24" x 12" x 4.5")

The contour-shaped pillow is made of temperature-sensitive memory foam that molds to your body to provide luxurious comfort and support. The antimicrobial cover is made of plush cotton velour and is resistant to allergens, dust mites, mold and mildew.

91001

91001 VENTILATED PILLOW (24" x 16" x 5")

The "soft feel" traditional-shape memory foam pillow is made of temperature-sensitive memory foam that molds to your body to provide luxurious comfort and support. The cool circulating core helps to eliminate overheating. The antimicrobial cover is made of plush cotton velour and is resistant to allergens, dust mites, mold and mildew.

71005 3-IN-1 TRAVEL PILLOW (11" x 10" x 3")

71006 DELUXE TRAVEL PILLOW (11" x 10" x 3")

Offers tan micro-suede trim and matching travel bag.

Therapeutic thermo-sensitive memory foam molds to your body for lasting support. Use this pillow when you travel in place of your hotel pillow, for lumbar support or rolled up as a neck pillow on the plane etc. It contours perfectly to the neck, lower back, knees and legs. Includes a plush antimicrobial velour cover and compact travel bag.

71006

71005

COMPLEMENT YOUR THERAPY PROGRAM WITH A MEMORY FOAM PILLOW

RelaxRight Orthopedic Pillows are widely used in prevention of several problems related to the neck and spine. RelaxRight Pillows support the neck, shoulders, and back of an individual while sleeping. Over time, this may help with health conditions related to sleep, such as snoring, neck stiffness insomnia, etc.

RelaxRight Memory Foam pillows will hold tightly to the shape your neck and provide optimum support to your neck muscles in the right places.

Replace your aged, old traditional pillow with a RelaxRight doctor designed memory foam orthopedic pillow, designed to endure the regular wear and tear. So replace your pillows when the time comes with a RelaxRight Pillow.

LUMBAR CUSHIONS

Made From Memory Foam

61003 SOFT LUMBAR CUSHION (14" x 14" x 4")

No need to continue suffering from that aching, tired back. Relief is here in this soft lumbar cushion by Relax Right. This great cushion provides maximum comfort, perfect fit and proper support for your mid and lower back. This support cushion also features a convenient sewn-on strap that you can use to secure the pillow around your chair and keep it in place. This plush cushion has an antimicrobial velour removable cover that is machine washable.

61004 FIRM LUMBAR CUSHION (14" x 16" x 3")

This cushion supports the lower back without being bulky because this pillow is only 2" thick in the middle with 3" thickness on the sides. This gives the cushion a "winged" effect that provides support to the lumbar spine. The smaller size of this pillow leaves plenty of room in the chair for you. It is perfect for use at home, the office or on the road. Fits any chair and is excellent for bucket seats.

71003 TRAVEL KIT (micro plush neck pillow, eye mask, blanket)

Includes a luxurious micro-plush neck pillow filled with therapeutic micro-beads along with a matching eye mask for total serenity while traveling. Also includes a nylon travel bag. Optional matching micro-plush blanket is also available.

71000 NECK PILLOW (11" x 12" x 3")

Thermo-sensitive memory foam neck pillow designed to support the neck while in a seated position. Use it on the plane, in the car or reading in bed. Includes a plush antimicrobial velour cover that is machine washable.

PILLOWS

OMNI CERVICAL RELIEF PILLOW™

The OMNI Cervical Relief pillow uses an ergonomically contoured shape to comfortably "cradle" the head and neck allowing total relaxation of neck, shoulder and back muscles.

It's an amazing experience in mind and body relaxation. Improper cervical curvature is one of the leading causes of headaches. Use the OMNI pillow for minutes a day to help restore proper cervical curvature and release you from neck pain and headaches.

Neck is cradled and comfortably supported to achieve proper cervical curvature

Soft sides support base of skull and neck to ensure total relaxation and still-point therapy

Head is comfortably supported

Shoulders are supported in a way that encourages gentle and safe cervical traction

OMNI

Cervical Relief Pillow™

CEBL-1001

OMNI CERVICAL RELIEF PILLOW
(13" X 9.5" X 5")

CEC-25

DISPOSABLE COVERS FOR OMNI CERVICAL RELIEF PILLOW (50 PER PACK)

Use for comfortable, face-up positioning for massage, spa or chiropractic treatment

Neck is cradled and comfortably supported to achieve proper cervical curvature

HOW TO USE

Lay the Omni Pillow on a flat horizontal or vertical surface. Lean back into the Omni pillow making sure that the base of your head is supported between the stabilizing lobes. Relax the full weight of your head, neck and shoulders into the pillow to experience total support and comfort from the mild traction it creates.

- Relaxes neck, shoulder and back tension
- Helps restore natural cervical curvature
- Comfortable and effective tractioning device
- Great for meditation, relaxation, relief from tension headaches and neck pain
- Soothes pain and discomfort from symptoms of Fibromyalgia and TMJ

GREAT TASTE & JUST ONCE A DAY

HELPS PROMOTE OVERALL GOOD HEALTH

Most Americans eat diets high on convenience and low on nutrition. In fact, for many who think they are eating healthy, the extensive processing of today's foods causes undetectable nutrient deficiencies, making it difficult for the body to realize normal metabolism, growth and general well-being. Fortunately, Lyflo Select's Multivitamin provides key vitamins and minerals in an easy-to-swallow liquid form to possibly help improve overall body function, prevent illness and boost physical and mental health and well-being.

JOINT COMPLEX

GREAT TASTE | NO SHELLFISH
ONCE A DAY | LIQUID FORMULA

Lyflo Select Joint Complex features high purity glucosamine and natural chondroitin. The glucosamine HCL is 84% pure, non-shellfish sourced and has no risk of contamination from mercury or shellfish allergy to the user. The chondroitin sulfate is processed with water, not solvents, and comes from all North American sources. Liquid Joint Complex contains the cofactors MSM, Vitamin C and Boron. Quercetin is added to reduce inflammation. Taken daily, Joint Complex may provide cumulative (continuous and restorative) benefit.

Suggested Usage: Take three capsules once or twice per day, or as needed. Best if taken with water, with or without food.

INFLAMMATION DEFENSE

MAY HELP IMPROVE CARDIOVASCULAR & DIGESTIVE HEALTH

NATURAL ALTERNATIVE TO NSAIDS

BALANCE OF NATURALLY OCCURRING INGREDIENTS

Lyflo Select Inflammation Defense contains a broad assortment of nutrients chosen for their ability to help reduce complex factors that cause inflammation. It is a natural alternative to prescription and over-the-counter anti-inflammatory drugs that may have many side effects. It contains Celadrin®, a patented, naturally occurring fatty acid complex that helps reduce inflammation in the body. Bromelain from pineapple, ginger, quercetin from apples and red cherries, Boswellia and resveratrol red wine extract provide a broad spectrum approach to short-term and chronic inflammation.

- Recommended for all patients showing symptoms of wear-and-tear related joint discomfort and accompanying inflammation.
- Recommended for all autoimmune conditions of the digestive tract, skin and joints.
- Added Ginger and Bromelain help calm the stomach and aid digestion.
- May benefit cardiovascular health by reducing the inflammation that damages the linings of arteries and veins and leads to plaque accumulation.
- Companion products: Joint Complex, Digestive Harmony, Sleep Harmony.

Lyflo Select Inflammation Defense comes in a convenient 30 day supply (90 capsules).

Supplement Facts

Serving Size – 2 Capsules
Servings per container: 30

	Amount Per Serving	% Daily Value
Vitamin D3	200 IU	50%
Calcium Citrate	600 mg	15%
Magnesium Citrate	300 mg	15%
Inulin FOS	200 mg	**
Soy Isoflavones	70 mg	**

**Daily Value (DV) not established

OTHER INGREDIENTS: Gelatin, Cellulose, Silicon Dioxide.

Suggested Usage: Adults 12 years and older, take 2 capsules daily with meal.

BONE COMPLEX

CONTAINS SOY ISOFLAVONES TO HELP IMPROVE BONE DENSITY

CONTAINS VITAMIN D3 TO AID IN CALCIUM ABSORPTION

HELPS STRENGTHEN BONES

Lyflo Select Bone Complex contains absorbable calcium and magnesium in a 2-to-1 ratio as well as Vitamin D3, soy isoflavones and FOS. Its precise blend helps improve the absorption of calcium for strong, healthy bone density. Research has proven soy isoflavones may benefit bone density in women.

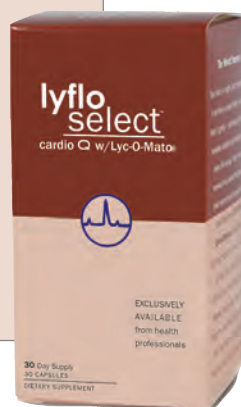

- Pro-active approach for women.
- Recommended for women with family history of osteoporosis, those who drink several cola drinks per day and post-menopausal women.
- Companion products: Joint Complex, Sleep Harmony, Omega 1200.

Lyflo Select Bone Complex comes in a convenient 30 day supply (60 capsules).

- CoQ10 functions as a free radical scavenger and plays an important role in the prevention of cell damage caused by free radicals.
- Studies have shown Statin drugs lower the body's levels of CoQ10.
- CoQ10 and Lycopene had been shown to support healthy blood pressure levels and increases cardiovascular wellness.
- The bioavailability of CardioQ with Lyc-O-Mato® is enhanced by a soft-gel delivery system which has demonstrated superior absorption over hard shell capsules.

Lyflo Select CardioQ with Lyc-O-Mato® comes in a convenient 30 day supply (30 soft-gels).

CARDIO Q

NO MORE HARD TO SWALLOW PILLS

HELPS PROMOTE OVERALL GOOD HEALTH

Millions of Americans suffer from, or are predisposed to cardiovascular disease. CardioQ with Lyc-O-Mato® brings together the powerful cardiovascular support from tomato lycopene and the antioxidant properties of CoQ10. These two ingredients offer a harmonious supplement designed to promote overall cardiovascular health.

Lyc-O-Mato® is an all natural extract of red, ripe tomatoes and is valued as a dietary supplement because it provides a full complement of tomato carotenoids that play an important role in health by helping to reduce the impact and minimize the oxidative damage caused by free radicals in the body.

CoQ10 is found in every cell of the body and is essential for producing energy for all cells, tissues and organs, especially the heart, brain and immune system. CoQ10 is manufactured by the body but often in quantities that are less than optimal making supplementation a must. CoQ10 is also a powerful antioxidant that may protect cells against free radicals.

Supplement Facts

Serving Size – 2 Capsules
Servings per container: 30

	Amount Per 2 Capsules	% Daily Value
Vitamins & Minerals		
Vitamin C	240 mg	400%

INGREDIENTS: Gelatin, Cellulose, Silicon Dioxide.

Suggested Usage: Adults 12 years and older, take one capsule early in the day, with a meal.

- Essential fatty acids are considered the 'gate keepers', bringing important nutrients into the cell and keeping toxins out.
- Studies show Omega-3 fatty acids help fight inflammation, protect against coronary heart disease, Alzheimer's, and reduce the need for medications for people with joint pain.
- Essential fatty acids help maintain your brain's processing speed keeping your mind sharper.
- Omega-3s are recommended by the American Heart Association, the Arthritis Foundation, the World Health Organization and the US Department of Health.
- Omega 1200 is delivered in soft gelatin capsules that are easy to swallow, allow for speedy delivery and provide greater stability, purity and consistency.

Lyflo Select Omega 1200 comes in a convenient 30 day supply (30 capsules).

OMEGA 1200

EASY TO SWALLOW GEL CAPS WITH SUPERIOR ABSORPTION

MAY PROTECT AGAINST CARDIOVASCULAR INFLAMMATION
THE GOOD FATS

Everyone from small babies to the oldest person needs omega-3s. Most Westerners today consume 15 to 30 times more of the pro-inflammatory omega-6s from vegetable oils and processed food than they do the healthy omega-3s from sources like fish and nuts. The balance is most efficiently restored by increasing the omega-3 intake and supplementation is a safe and easy answer.

Omega-3 is not just one substance but a family of several. Most common is ALA (alpha-linolenic acid) found in nuts, vegetables or flaxseed. The body must convert ALA to EPA (eicosapentaenoic acid) nature's best inflammation fighter, and then to DHA (docosahexaenoic acid), which is important for the correct architecture of cell membranes. Studies suggest that only 3-5% of ALA ingested is successfully converted to EPA and DHA. The most potent and direct route is to ingest EPA and DHA directly. Lyflo Select's Omega 1200 contains premium marine lipid concentrate, high in EPA (367.2mg) and DHA (244.8mg).

*These statements have not been evaluated by the FDA. These products are not intended to diagnose, treat, cure or prevent any disease.

Suggested Usage: Adults 12 years and older; take one packet every other day. Blend, shake or briskly stir one packet of Lyflo Digestive Harmony formula into 8 ounces water, juice or other beverage. Drink another 8 to 16 ounces of water or juice after consumption.

APPETITE DEFENSE WITH HOODIA GORDONII

HELPS CURB CRAVINGS AND APPETITE
AIDS GLUCOSE MANAGEMENT

SUSTAINS ENERGY LEVELS

Whether you are looking to lose a few pounds or simply want to maintain, Lyflo Select Appetite Defense can help. Unlike most weight loss products on the market today that rely on potentially detrimental ingredients such as ephedra and caffeine, Appetite Defense uses Hoodia Gordonii to safely keep you in shape by curbing cravings and appetite. In fact, by controlling appetite and reducing calorie intake, you can take the best approach to losing or maintaining weight.

- Additional ingredients like green and white tea, chromium and cinnamon help the body burn sugars and carbohydrates more efficiently by taking better advantage of the insulin produced by the body.
- Yerba Mate helps sustain energy levels, induce mental clarity, improve mood and provide a general sense of well being.
- Companion product: Sleep Harmony.

Lyflo Select Appetite Defense comes in a convenient 15 day supply (60 capsules).

DIGESTIVE HARMONY WITH PROBIOTICS

50/50 RATIO OF SOLUBLE TO INSOLUBLE FIBER
8 NATURAL FIBERS AND 16 ESSENTIAL NUTRIENTS

Lyflo Select Digestive Harmony is an easy-to-drink, multiple-fiber beverage that contains a 50/50 ratio of soluble to insoluble fiber and nutrients that help improve gut and colon health. It should be recommended to anyone who suffers from any digestive imbalance and may benefit those with symptoms of IBS, constipation, diarrhea, acid reflux, gas, bloating, milk/sugar intolerance as well as the side effects of prescription drugs, antibiotics, oral contraceptives and poor food and lifestyle choices.

- Contains high-dosage, dominant probiotic bacteria that line the gut and colon, balance pH, increase stool bulk and improve the protective barrier of both upper and lower tracts.
- A complex fiber blend more like a diet rich in fruits, vegetables and whole grains.
- Can help resolve constipation and diarrhea by improving bulk, hydration and by crowding out pathogenic bacteria and yeast.
- Increased bulk and hydration speeds up transit time and reduces exposure to irritants that may trigger IBS.
- Provides nutrients to aid the entire digestive process from beginning to end.
- May offset the side effects of many prescription drugs.
- Helps restore your digestive system to peak performance and over time can strengthen it against a host of digestive maladies ranging from IBS, constipation, diarrhea, acid reflux, and more.
- Companion products: Inflammation Defense.

Lyflo Select Digestive Harmony comes in a convenient 30 day supply (15 packets).

- More than a third of Americans sleep poorly. A portion of this number uses prescription and OTC sleep aids which may increase mortality in long-term users and does not improve brain chemistry or allow for deep, slow-wave sleep.
- Sleep Harmony formula uses many well known nutrients at very safe levels that aid the entire sleep process.
- Benefits of natural sleep include: improved serotonin levels upon rising, lower incidence of depression, increased natural production of Human Growth Hormone, reduced blood stream cortisol and chronic inflammation, increased daytime alertness, lower risk of accidents, better weight control and the improved maintenance of muscle mass.
- Companion products: Bone Complex.

Lyflo Select Sleep Harmony comes in a convenient 30 day supply (60 capsules).

SLEEP HARMONY

HELPS CREATE NORMAL SLEEP PATTERNS
MAY HELP TO IMPROVE SEROTONIN LEVELS
MAY REDUCE THE INCIDENCE OF DEPRESSION

Lyflo Select Sleep Harmony promotes deep, restful sleep with natural "building blocks" your body needs. Sleep Harmony contains no sedating herbs and addresses the entire sleep process by slowing and relaxing the mind before sleep. Natural nutrients help produce quality slow-wave sleep and improve brain chemistry upon rising in the morning. GABA, L-Glycine and L-Theanine help calm the overactive mind. Vitamins and minerals that benefit sleep are included as 5HTP, the immediate precursor to improved serotonin production. Melatonin helps regulate circadian rhythms and induce sleep. A modest level of L-Tyrosine provides the building block for improved levels of dopamine. L-Glutamine nourishes and provides energy to the brain for sleep quality that enhances health.

Supplement Facts

Serving Size – 2 Capsules Servings per container: 30		
	Amount Per 2 Capsules	% Daily Value
Vitamins & Minerals

OTHER INGREDIENTS: Gelatin, Cellulose, Silicon Dioxide.

Suggested Usage: Adults 12 years and older, take two capsules one hour before bedtime. For best results avoid eating several hours before bed.

- Respiratory support is not meant to replace rescue inhalers or other physician prescribed therapies.
- NAC boosts liver production of powerful antioxidant glutathione which can help detoxify the side effects of steroid inflammation suppressor drugs.
- Smokers, those concerned about air pollution, people who suffer with recurring bronchitis, victims of upper respiratory flu and those interested in improving lung function are all ideal candidates for Respiratory Support.
- Research shows that both bromelain from pineapple and quercetin from apples and other fruits may benefit the body by reducing the incidence of bronchial inflammation.
- Companion products: Inflammation Defense.

Lyflo Select Respiratory Support comes in a convenient 30 day supply (60 capsules).

RESPIRATORY SUPPORT

HELPS IMPROVE FLUID TRANSFER RATE IN LUNG TISSUE
NUTRIENTS WORK TO GRADUALLY IMPROVE LUNG FUNCTION

Lyflo Select Respiratory Support contains nutrients that help reduce the incidence of airway inflammation and improve fluid transfer rates in lung tissue. Respiratory Support also contains N-Acetyl Cysteine (NAC) which helps to improve the viscosity of bronchial and lung mucous and is a natural expectorant. Vitamins, MSM, minerals and antioxidant nutrients work together to gradually improve lung function.

PAIN RELIEF THAT LASTS, COLDER LONGER™ CRYODERM®

**PAIN RELIEVING
CRYOTHERAPY SPRAY,
GEL & ROLL-ON WITH
MSM, ARNICA,
BOSWELLA, & ILEX**

CRYODERM® Breaks The Pain Spasm Cycle

CRYODERM®

***Arnica:** Research studies at The University Of California San Francisco Medical Center showed topical applications of Arnica to be effective in reducing bruising, swelling, edema, hematoma and contusions.

***Boswella:** Has anti-inflammatory and anti-arthritic actions in acute and chronic models of inflammation. Boswella reduces swelling, increasing mobility, thereby effectively reducing pain.

***Eucalyptus:** Is a pain reliever with warming properties that is also anti-bacterial in nature.

***Ilex:** Reduces pain, swelling and loosens stiff joints.

***Menthol:** Is used clinically as an anti-inflammatory and pain reliever. It causes a cold sensation on the skin, by activating peripheral cold receptors.

***MSM:** Is a naturally occurring, essential nutrient found in healthy tissue and joints. Studies at The University of Oregon Medical School reported that: MSM has a wide range of pharmacologic actions including topical membrane penetration, anti-inflammation and local analgesia. Applied topically MSM creates a tingling sensation.

Peppermint Oil: Has anesthetic properties as well as being a vascular and lymphatic system stimulant. Peppermint creates a burning-cold sensation.

***Purified Water:** Has been processed by reverse osmosis to insure that it is chemical free.

***SD Alcohol 39-C:** All natural, distilled grain alcohol. For external use only.

See bottle label for complete uses, warnings and directions. *These Statements Have Not Been Evaluated by The FDA

THERMODERM™

ADVANCING THE SCIENCE OF PAIN MANAGEMENT™
THERMODERM™

THERMODERM™ Warming products provide fast acting, deep penetrating pain relieving warmth for muscle sprains, strains, sore stiff muscles, bursitis and tendonitis, arthritis and joint pain. The secret of this pain reliever is its deep penetrating, long lasting gentle warmth, and other Natural ingredients such as:

Aloe Barbadensis: Antioxidant and anti-inflammatory.

Arnica: To reduce bruising and inflammation.

Boswellia: A natural COX-2 enzyme inhibitor (reduces inflammation and has anti-arthritis actions).

Green Tea Extract: Camellia sinensis anti-inflammatory, anti-irritant, antibacterial and antioxidant containing an impressive amount of vitamin E, C and B.

Ilex: Releases muscle spasm and reduces inflammation.

MSM: A naturally occurring essential nutrient found in healthy tissue and joints (Increases topical membrane penetration, is an anti-inflammatory and local analgesia).

Tocopheryl Acetate: Vitamin E, antioxidant with moisturizing qualities, slows the degeneration of cells, and promotes cellular renewal.

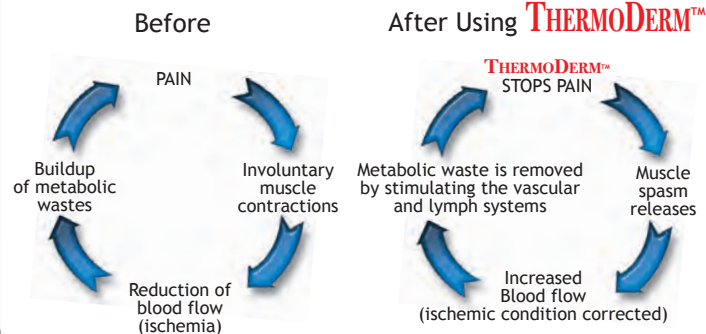

Yucca Aloifolia: Provides relief for arthritis, breaks up inorganic mineral obstructions and deposits and reduces inflammation of the joints. Testing has demonstrated that saponins found in Yucca are a hormonal material, a steroid, with properties similar to the adrenal hormone, cortisone.

THERMODERM™ Lotion can be used in place of massage creams and oils for Myofascial Release, Trigger Point Therapy, Transverse Friction and Deep Tissue.

See bottle label for complete uses, warnings and directions.
